Newsletter 104

Editorial		2
IMTA Council		3
IMTA Branches		4
Surfin' for Maths		5
A Survey of Members Interest in Topics for the Newsletter		6
Fr. Ingram Memorial Lecture:		
<i>Second Level Maths Education in Ireland 2005 and beyond: 'Maths Questions'</i>		
	<i>Peter Tiernan, Dublin</i>	7
Some Innovative Projects to Watch Out For		10
Using Technology to Teach Mathematics	<i>Mary O'Donnell, Dublin</i>	11
Drawing on Pythagoras	<i>Neil Hallinan, Dublin</i>	13
Songs with Numbers in their Title	<i>Colette Nolan and friends, Dublin</i>	16
R.W. C.		18
NUIM Competition: courtesy of Maths Department, NUI Maynooth		
Senior Quiz		19
Junior Quiz		20
Senior Quiz Solutions		21
Junior Quiz Solutions		22
Ríomhaire agus Dúch – Planning for Junior Cert Foundation	<i>Neil Hallinan, Dublin</i>	23
Maths in Practice	<i>Neil Hallinan, Dublin</i>	29
Solutions to Leaving Certificate Higher Mathematics 2005	<i>Maurice O'Driscoll, Dublin</i>	30

Newsletter 105

Editorial		2
William Rowan Hamilton and the Quaternion Walk	<i>Fiacre Ó Cairbre, NUI, Maynooth</i>	3
The Ballad of Rowan Hamilton	<i>Jack Gannon, Cabra, Dublin</i>	14
The Benefactor	<i>June Robinson, Dublin</i>	15
A Quaternionic Gem	<i>Anthony G. O'Farrell, NUI, Maynooth</i>	16
William Rowan Hamilton: Contributions to Physics		
	<i>Siddhartha Sen, Trinity College, University of Dublin</i>	26
Mathematics in Practice	<i>Neil Hallinan, Dublin</i>	28
The Best Card Trick Ever	<i>Eamonn Flannery, Cork</i>	30
Mathematical Aspects of Irish Elections		
	<i>Helmer Aslaksen, NUS, Singapore and Gary McGuire, NUI, Maynooth</i>	40
Further Calculus and Series	<i>Paul Holland, Galway</i>	60
Applied Mathematics Leaving Certificate Higher 2005 Solutions	<i>John Maher, Dublin</i>	61

Newsletter 106

Editorial		2
Pythagoras	<i>Robert P. Crease, State University of New York</i>	3
Wise Words	<i>I.M.A. Worm</i>	5
Preparing for Subject Inspection	<i>Brendan O'Sullivan, Cork</i>	6
Primes	<i>Brendan O'Sullivan, Cork</i>	8
Customising Toolbars for Maths Teachers	<i>Horst Punzet, Dublin</i>	26
The Dame and the Knights of the Square Table	<i>Paul Behan, Kilkenny</i>	30
Irish Junior Maths Competition 2007 – Entry Form	<i>Michael D. Moynihan, Cork</i>	34
Estimating the Cost of Filling the 2006 GAA Players Sticker Album using Euler's Approximation for Harmonic Sums	<i>Kevin Hayes and Ailish Hannigan, University of Limerick</i>	35
A Record Prime and GIMPS		39
Solutions to Leaving Certificate Higher Mathematics 2006	<i>Maurice O'Driscoll, Dublin</i>	40

Newsletter 107

Editorial		2
Some Applications of Leaving Certificate Mathematics	<i>Donal Hurley, Cork</i>	3
Irish Junior Maths Competition 2008 - Entry Form	<i>Michael D. Moynihan, Cork</i>	16
Length : Area : Volume : Number	<i>Brendan Kearney, S.J., California</i>	17
Factoring Integer Quadratics	<i>Des MacHale, Cork</i>	22
Let there be light! The Professional Development of the Maths Teacher		
	<i>Brendan O'Sullivan, Cork</i>	27
Dynamic Geometry: a comparison of Euklid and Geometer's Sketchpad		
	<i>David Kearney, Dublin</i>	30
Mathematical Education Experiences		
	<i>Sinead Breen, Joan Cleary, Ann O'Shea, Dublin</i>	40
The Role of Language in the Demise of Logs	<i>Michael Brennan, Waterford</i>	44
Are You Ready for Maths Week?	<i>Neil Hallinan, Dublin; Eoin Gill, Waterford</i>	52
A Practical Application of Geometry	<i>Michael O'Loughlin, Navan</i>	53
Solutions to Leaving Certificate Higher Mathematics 2007	<i>Maurice O'Driscoll, Dublin</i>	54

Newsletter 108

Editorial		2
Maths is a Funny Subject	Fr. Ingram Memorial Lecture by Dr. Des MacHale	
	<i>Report by Neil Hallinan</i>	3
Potential Uses of Datalogging in Mathematics Teaching	<i>Michael J.N. Delargey</i>	9
Websites to Try Out		15
Irish Junior Mathematics Competition	<i>Michael J. Moynihan</i>	16
A Mathematical Excavation	<i>Brendan O'Sullivan</i>	17
Snippets		20
$x^n - a^n$ and some associated horror stories	<i>Fr. Brendan Kearney S.J.</i>	21
Check This		24
A Practical Application of Matrix Multiplication	<i>Michael O'Loughlin, Navan</i>	25
International Standard Book Numbers (ISBN) Check Digit Scheme		
	<i>Timothy Hanley, Cork</i>	26
Maths Week		33
A Problem Of Differentiation	<i>Neil Hallinan, Dublin</i>	34
Using GeoGebra	<i>Neil Hallinan, Dublin</i>	40
For Younger Mathematics' Teachers	<i>Neil Hallinan, Dublin</i>	41
Mathematics of a Riddle and a Song	<i>Michael O'Loughlin, Navan</i>	44
A Response to '...The Demise of Logs'	<i>Michael O'Loughlin, Navan</i>	47
Newsletter 107 – Errata		48
Bonanza!		48
Leaving Certificate Results Over the Years 2001-2008	<i>Neil Hallinan, Dublin</i>	49
Solutions to Leaving Certificate Higher Mathematics 2008	<i>Maurice O'Driscoll</i>	50

Newsletter 109

Editorial		2
Problem Solving in Second Level Mathematics – The Finnish Experience	<i>Erkki Pehkonen</i>	3
A Practical Problem?		13
Groups and the Mosaics of the Alhambra	<i>Neil Hallinan</i>	14
Irish Junior Mathematics Competition Entry Form	<i>Michael Moynihan</i>	20
School Geometry	<i>Anthony G. O'Farrell</i>	21
Maths Week		28
The Importance of being Beautiful in Mathematics	<i>Fiacre Ó Cairbre</i>	29
Multiplication in Algebra Revisited	<i>John Courlander</i>	45
A Summary of Efficient Numerical Tests of Robin's Reformulation Of The Riemann Hypothesis – A Young Scientist Project	<i>Gary Carr, Graham McGrath, Daragh Moriarty</i>	46
Simple Cables – A Young Scientist Project	<i>Helen Iliff</i>	47
The First International GeoGebra Conference	<i>David Hobson</i>	48
Just for Fun	<i>John Courlander</i>	50
Ireland and the IMO (1988-2009)	<i>Gordon Lessells</i>	51
Solutions to Leaving Certificate Mathematics Higher Level 2009	<i>Maurice O'Driscoll</i>	59

Newsletter 110

Editorial		2
IMTA Branch Officers 2009/2010		3
Pure Mathematics and its Everyday Applications	<i>Thomas J. Laffey</i>	5
Multiplication Time-line	<i>Neil Hallinan</i>	13
Some Problems about Area and Perimeter	<i>Vassily I. Bernik and Anthony G. O'Farrell</i>	14
Perpendicular Distance of a Point from a Line – a Selection of Proofs of the Formula		
	<i>Andrew Pomeroy</i>	23
Measuring Area – from Rectangle to Triangle	<i>Michael O'Loughlin</i>	27
Jobs in Geometry	<i>Neil Hallinan</i>	30
Visualising Roots of a Complex Number	<i>Michael O'Loughlin</i>	31
A Right-angled Triangle and its Incircle	<i>Michael O'Loughlin</i>	35
Some Properties of the Mean and Standard Deviation	<i>Michael O'Loughlin</i>	37
Irish Junior Mathematics Competition, 2011 – Entry Form		41
Irish Junior Mathematics Competition, 2010: Report	<i>Mícheál D. Ó Muimhneacháin</i>	42
Top Scores in the Irish Junior Maths Competition, 2010	<i>Mícheál D. Ó Muimhneacháin</i>	43
The Emblem of the IMTA – from the archives		44
The Boyle Medal		44
The Pi Quiz	<i>Edward Williamson</i>	45
The Bookmaker's Code!	<i>Brendan O'Sullivan</i>	46
A Piece of π	<i>Brendan O'Sullivan</i>	48
Maths Week		49
Project Maths – a commentary	<i>Brendan O'Sullivan</i>	50
On the removal of Zero from the Natural Numbers	<i>Neil Hallinan</i>	52
Circle – Prime	<i>Neil Hallinan</i>	53
Cutting Edge Mathematics (and English)	<i>Neil Hallinan</i>	54
Enlargement or L.A.V.	<i>A.E. Mouse</i>	55
A Mathbox Matchbox	<i>Neil Hallinan</i>	56
Simpson's Rule	<i>John Courlander</i>	58
Radius of an Incircle – Simplified	<i>John Courlander</i>	60
A Look at Pythagorean Triples and Further Connections	<i>John Courlander</i>	62
Magic Numbers	<i>John Courlander</i>	63
New Maths and Old Mathematics	<i>John Courlander</i>	64
Leaving Certificate Mathematics (Project Maths) 2010, Model Solutions		65

Newsletter 111

Editorial		2
Industrial Applications of Mathematics	<i>Paul Sheridan</i>	3
Mathematical Puzzles	<i>Michael Moynihan</i>	16
Solutions (to Mathematical Puzzles)		18
Perpendicular Slopes – A Model	<i>Neil Hallinan</i>	20
The All-pervasive Quadratic Function	<i>Finbarr Holland</i>	21
When the Numbers Don't Add Up	<i>Brendan Prunty</i>	37
From the archives 1967: Why Mathematics? C. Lanczos	<i>Contributed by M. Moynihan</i>	40
Mathematics – A Timeline	<i>John Courlander</i>	48
Backward Teaching	<i>John Courlander</i>	51
Lessons from Finland	<i>Brendan O'Sullivan</i>	54
Review of the ATM Conference 2011	<i>Eoghan O'Leary</i>	57
So Close to Africa, so far from England	<i>Edward Williamson</i>	58
Product Review: Digital Grinds by Outstanding Solutions	<i>Eoghan O'Leary</i>	59
Cork Branch Annual Report September 2010 – August 2011		60
A Geometrical Problem	<i>John Courlander</i>	61
Makers of Mathematics	<i>John Courlander</i>	62
Time to go to the Moon	<i>John Courlander</i>	63
To Unreasonable Numbers	<i>Neil Hallinan</i>	64
Solution to A Geometrical Problem	<i>Neil Hallinan</i>	65
Top Scores in the Junior Maths Competition, 2011	<i>Mícheál D. Ó Muimhneacháin</i>	66
Junior Maths Competition, 2012 – Entry Form	<i>Mícheál D. Ó Muimhneacháin</i>	67
Reading Material	<i>Mícheál D. Ó Muimhneacháin</i>	68
Leaving Certificate Higher Mathematics (Project Maths) 2011 Model Solutions Paper I		69
Leaving Certificate Higher Mathematics (Project Maths) 2011 Model Solutions Paper II		81

Newsletter 112

Editorial		2
IMTA Branch Officers 2011- 2012		3
In Sunshine and in Rain on the Atlantic Ocean	<i>Edward Williamson</i>	4
Education in the Land of the Alps	<i>Brendan O'Sullivan</i>	5
A Piece in Pilish!	<i>Neil Hallinan</i>	6
Review of 'Brainsnack' as a Classroom Resource	<i>Brendan O'Sullivan</i>	7
Ahead of the Posse with Pythagoras	<i>John Courlander</i>	8
Maths Week Ireland		9
Geometry and Invariance as a Problem-solving Tool	<i>Michael O'Loughlin</i>	10
The Point of Intersection of Two Touching Circles	<i>Michael O'Loughlin</i>	14
MathsFest 2012		15
Three Circles Touching Externally	<i>Michael O'Loughlin</i>	16
An Interesting Trigonometric Diagram	<i>Michael O'Loughlin</i>	19
Circles in a Semicircle	<i>Michael O'Loughlin</i>	20
Premiere Le9on de Mathematiques	<i>John o Dalkey</i>	24
Safecracker Puzzles	<i>John Courlander</i>	26
The Hailstone Sequence	<i>Neil Hallinan</i>	28
Irish Junior Mathematic s Competition, 2012 : Final	<i>Micheal D. Ó Muimlmeachain</i>	34
Answer Key: Irish Junior Mathematics, 2012: Final	<i>Micheal D. Ó Muimlmeachain</i>	39
Top Scores in the Irish Junior Maths Competition	<i>Micheal D. Ó Muimlmeachain</i>	40
On Problem Solving	<i>Micheal D. Ó Muimlmeachain</i>	40
Junior Maths Competition , 2013 - Entry Form	<i>Micheal D. Ó Muimlmeachain</i>	41
Appreciation : Joe Devine	<i>Sean Close</i>	42
Leaving Certificate Higher Mathematics (Project Maths) 2012,Model Solutions Paper I		43
Leaving Certificate Higher Mathematics (Project Maths) 2012,Model Solutions Paper II		59

Newsletter 113S (special)

The First Newsletter: June 1964		2
How We Began		3
My Visit to Athens	<i>J. R. Timoney</i>	6
The Second Newsletter: December 1964		11
Standing Committee		12
Report of Standing Committee and Reports from Branches		15
The Challenge of Mathematics	<i>Professor Halberstam</i>	24
Sets and Syllogisms	<i>Stephen O'Brien</i>	27
Some Ideas on Computers	<i>Rev. R. Ingram S.J.</i>	33
The Mathematics Conference in Oxford	<i>Sr. Mary Eustace O.P.</i>	38
Newsletter No. 47: October 1981 - Extracts		41
A Brief History of the Calculus	<i>Raymond J. McGivney</i>	42
Fairground Chances	<i>Brendan Kearney S.J.</i>	56
Newsletter No. 51: March 1983 - Extract		59
Pennies for your Thoughts	<i>Douglas Quadling</i>	60
Newsletter No. 58: April 1985 - Extracts		69
Isosceles Triangles and Equal Bisectors of the Base Angles	<i>J. R. Timoney</i>	70
Rabbit Mathematics	<i>Anthony G. O'Farrell</i>	74
Newsletter No. 70: May 1989 - Extract		85
The Use of a Theorem	<i>John Courlander</i>	86
Newsletter No. 79: 1992 - Extract		91
A Creative Mathematics Lesson Using Visual Guided Imagery	<i>Carrie Ann Westlin</i>	92
Newsletters No. 81 & 82: 1993 - Extract		105
Making Mathematics Less Dotty	<i>Des MacHale</i>	106

Newsletter 113

Activities of the IMTA Council 2012-2013		3
Accenture Awards		4
From Josephus to Fionn MacCumhaill: Fr. Ingram Memorial Lecture		
	<i>From the Talk by Nollaig Ó Donnabháin</i>	5
Freedom in Mathematics and its Educational Value	<i>Fiacre Ó Cairbre</i>	8
Shakunta la Devi	<i>Neil Hallinan</i>	15
MathsFest 2012 – Report	<i>Cork Branch</i>	16
The Ambiguous Case of the Sine Rule	<i>Michael O'Loughlin</i>	18
Analemma - What's That? (Parts 1, 2, 3, 4)	<i>Neil Hallinan</i>	21
In Need of Mental Stimulation	<i>Michael Moynihan</i>	46
Irish Junior Mathematics Competition 2013 – Final with Answers		52
Top Scores in the Irish Junior Mathematics Competition 2013		
	<i>Micheal D. Ó Muimlmeachain</i>	58
Irish Junior Maths Competition 2014 – Entry Form	<i>Micheal D. Ó Muimlmeachain</i>	59
Review of 'themathstutor.ie' as a Teaching and Learning Resource	<i>Brendan O'Sullivan</i>	60
Comenius Project: Is e-learning in Maths for Students Across Europe Possible?		
	<i>Colin Townsend</i>	62
Maths Week Ireland		67
Jessica's IMO Report, 2013	<i>Jessica Weitbrecht</i>	68
Notes on The International Mathematical Olympiad, 2013	<i>Compiled by Neil Hallinan</i>	78
Note on the Use of Marking Schemes	<i>Newsletter Editor</i>	79
The Meaning of Maths: Reflections on Mathematical Education	<i>Siddharta Sen</i>	80
Induction Without Assumption	<i>Michael O'Loughlin</i>	89
“A Salutory Lesson”	<i>Finbarr Holland</i>	90
Solutions to Exercises given in 'A Salutory Lesson'	<i>Finbarr Holland</i>	94
A Cracking Puzzle	<i>Neil Hallinan</i>	96
